Session en français avec traduction en anglais
Postpartum depression and maternal attachment beyond two years: The role of maternal self-efficacy

Dépression du post-partum et attachement maternel au-delà de deux ans : le rôle de l'efficience maternelle

Debra K Creedy1, Jenny Gamble1, Sabrina Crowe1 (The University of Queensland, Australia; Griffith University, Australia)

B5-1: Time: Friday, 05/Oct/2012: 11:30am - 1:00pm · Location: B

Perinatal needs, health care utilization and effective programming for postpartum depression

Besoins périnatals, utilisation et programation efficace des soins de santé dans la dépression du post-partum

Moderator: Maria Muzik, University of Michigan, United States of America
Moderator: Mariano Bassi, Azienda Ospedaliera Niguarda ca' Granda, Italy

Postpartum emotional support: A qualitative study of women’s and men’s anticipated needs and preferred sources

Aide psychologique en post-partum : une étude qualitative des besoins anticipés et des sources préférées des hommes et des femmes

Heather Rowe, Sara Holton, Jane Fisher (Jean Hailes Research, School of Public Health and Preventive Medicine, Monash University, Australia)

Perinatal pathways: Psychosocial risk, help seeking behavior and service utilization

Filières de soin en périnatalité : risque psychosocial, comportement de recours aux soins et utilisation des services

Virginia Anne Schmied1, Maree Johnson1, Stephen Matthey1, Lynn Kemp1, Tanya Covic1, Anthony Yeо1, Marie-Paule Austin1 (University of Western Sydney, Australia; University of New South Wales; University of Sydney)

Exercise and postnatal emotional wellbeing: A randomised controlled trial comparing two exercise and support programs

Exercices et bien-être affectif post-natal : une étude contrôlée randomisée qui compare deux programmes d’exercices et de soutien

Marian J. Currie1, Rebecca E. Reay1, Jane F. Thompson1, Beverley Raphael1, David A. Ellwood (Australian National University Medical School Canberra Hospital, Australia; ‘Women’s and Children’s Hospitals Australasia)

Mom Power: An attachment-based parenting intervention for trauma-exposed mothers of young children

Mom Power : une intervention en parentalité basée sur l’attachement, pour les mères de jeunes enfants exposées à un traumatisme

Maria Muzik, Katherine Rosenblum, Melissa Schuster, Emily Stanton, Emily Alfafara, Julie Ribaudo, Nicole Miller, Rebecca Gorin-Meyer (University of Michigan, Department of Psychiatry, United States of America)

C5A-1: Time: Friday, 05/Oct/2012: 11:30am - 1:00pm · Location: Room 217 A

Breast feeding and perinatal mental health (and symposium of the Turkish group of the Marcé Society)

Moderator: Nazan Aydin, Atatürk University, Turkey
Moderator: Barbara Figueiredo, University of Minho, Portugal
Moderator: Oguz Omay, La Teppe Medical Center, France

A neurobiological approach to lactation

Nazan Aydin (Ataturk University, Medical Faculty, Psychiatry), Mehmet Dumlu Aydin (Ataturk University, Medical Faculty, Neurosurgery), Elif Oral (Ataturk University, Medical Faculty, Psychiatry), Mevlut Albayrak (Ataturk University, Pharmacy Faculty, Analytic Che), Nesrin Gursan (Ataturk University, Medical Faculty, Pathology), Ahmet Hacimutfuoglu (Ataturk University, Medical Faculty, Pharmacology), Halis Suleyman (Ataturk Univeristy, Medical faculty, Pharmacology)

The effects of the delivery on lactogenic hormones

Abyike Pekin (Selcuk University, Selcuklu Medical Faculty, Department of Obste), Ozlem Secilimis Kerimoglu (Selcuk University, Selcuklu Medical Faculty, Department of Obste), Nasuh Utku Dogan (Selcuk University, Selcuklu Medical Faculty, Department of Obste), Arzu Setenay Yilmaz (Selcuk University, Selcuklu Medical Faculty, Department of Obste), Cetin Celik (Selcuk University, Selcuklu Medical Faculty, Department of Obste)

The relationship between mammary gland permeability and factors related to mothers and their babies

Burcu Serim (Department of Child and Adolescent Psychiatry, Manisa Mental Heal), Aylin Ozbek (Department of Child and Adolescent Psychiatry, Faculty of Medic), Murat Ormen (Department of Biochemistry, Faculty of Medicine, Dokuz Eylul U), Canem Ergin (Department of Child and Adolescent Psychiatry, Faculty of Medic), Adem Aydin (Department of Paediatrics, Faculty of Medicine, Dokuz Eylul Univ), Esra Ozer (Department of Paediatrics, Tepecik State Hospital, Izmir, Turkey), Hasan Ozkan (Department of Paediatrics, Faculty of Medicine, Dokuz Eylul Univ)
Sarah E. Bledsoe, Kim Andringa, Candace Killian, Alison Doernberg, Megan Squires, Julia Wessel, Anne-Marie Olarte, Alison Steube, Samantha Meltzer-Brody (School of Social Work, University of North Carolina at Chapel Hill, United States of America; Center for Women’s Health Research, University of North Carolina at Chapel Hill, United States of America; Texas Children’s Hospital, United States of America; School of Medicine, University of North Carolina at Chapel Hill, United States of America)

Breastfeeding is negatively affected by prenatal depression and reduces postpartum depression
Barbara Figueiredo, Catarina Canário, Sónia Brandão, Rui Nunes-Costa, Tiffany Field, Castro Dias Claudia (University of Minho School of Psychology, Portugal; University of Miami Medical School, United States of America)

Effects of perinatal psychiatric disorders on the mother and child
Moderator: Sarah Bydlowski, Fondation Vallée, France
An investigation into the impact of postnatal Obsessive-Compulsive Disorder (OCD)
Fiona L Challacombe (Kings College London, UK), Matthew Woolgar (South London & Maudsley NHS Foundation Trust, UK), Paul Salkovskis (University of Bath, UK)
Depression and anxiety in pregnancy and the postpartum in women with eating disorders
Nadia Micali (UCL Institute of Child Health, London, UK), Abigail Easter (King’s College London, UK), Emma Taborelli (UCL Institute of Child Health, London, UK), Amanda Bye (UCL Institute of Child Health, London, UK), Janet Treasure (King’s College London, UK)

Exposure to antenatal depression, neonatal regulatory behaviour and the hypothalamic-pituitary-adrenal (HPA) axis.
Susan Pawlby (King’s College London, Institute of Psychiatry, UK), Sue Conroy (King’s College London, Institute of Psychiatry, UK), Enrica Fantini (King’s College London, Institute of Psychiatry, UK), Sarah Osborne (King’s College London, Institute of Psychiatry, UK), Carmine M Pariante (King’s College London, Institute of Psychiatry, UK)
The neuroimaging and hormonal predictors of postpartum psychosis
Paola Dazzan (King’s College London, Institute of Psychiatry, UK)

Postpartum blues and effects on infants. Dynamics of maternal emotion and newborn regulations during the first eight weeks of life.
Sarah Bydlowski1,2, Bernard Golse3,4, Christophe Lalanne1, Laurence Vaivre-Douret1,4, (Fondation Vallée, France; University of Paris Descartes, Sorbonne París Cité, Paris, France; Inserm Unité 669, Paris ; University of Paris-Sud and Paris Descartes, UMR-S0669, Paris, France; AP-HP, Department of Child psychiatry, Necker-Enfants Malades hospital, Paris, France; AP-HP, Department of Clinical Research, Saint-Louis Hospital, Paris, France)

Screening and diagnosis
Moderator: Martin Kammerer, Imperial College London, United Kingdom
Antenatal mental health screening downunder. An Australian first within a private hospital context.
Catherine Knox (Gidget Foundation, Australia)

Validity of DSM diagnosis of depression perinatally and changes of DSM diagnosis of depression by month of pregnancy
Martin Kammerer, Rita Tatiana Amiel Castro, Vivette Glover, Maureen Marks, Claudia Pinard (‘Imperial College London, IRDB, United Kingdom; ‘Institute of Psychiatry, King’s College, London; ‘University of Applied Sciences, Zurich, Switzerland)

The paradox of screening for postnatal depression in a rural community
Susan Jane Armstrong, Rhonda Elizabeth Small (Mother and Child Health Research, La Trobe University, Australia)

Association between parity and perinatal mood disorders
Arianna Di Florio, Liz Forty, Katherine Gordon-Smith, Jess Heron, Emma Robertson-Blackmore, Lisa Jones, Nick Craddock, Ian Jones (‘Cardiff University, United Kingdom; ‘University of Birmingham, United Kingdom; ‘University of Rochester Medical Center, United States of America)
Expectations of women and men about perinatal parenthood

Moderator: Claude Schauder, Université de Nice, Sophia Antipolis, France

I'm pregnant! We're pregnant!
Maria Izabel Tafuri (Universidade de Brasilia, Brazil), Maria do Rosário Varella (Universidade Paulista), Janaina França, (Universidade de Brasilia)

Implication of the only child policy over the relation between Chinese future parents and caregivers
Lanxi Deng (université de Strasbourg), Yikun Wu (Wuhan University, China), Fan, Yang (Wuhan hospital for psychotherapy (China))

Men and women's expectations towards professionals in the first quarter of pregnancy and emergences of becoming father/mother
Stéphanie Cortet (Centre Hospitalier de Sélestat et Université de Strasbourg (France), Barbara Graff (Centre Hospitalier Ravenel, France), Claude Schauder (Université de Nice, Sophia Antipolis, France)

Pregnant women's anxiety, in their choice of professional who will follow their pregnancy
Nicole Reeves (Centre Hospitalier de l'Université de Montréal (Quebec)), Bénédicte Boch (Université de Montréal), Virginie Pelletier (Université du Québec, Montréal), Jeanne Theriault (Université du Québec, Montréal), Irène Krymko-Bleton (Université du Québec, Montréal)

Lamotrigine dosing for pregnant patients with bipolar disorder
Crystal T. Clark, Autumn M. Klein, Katherine L. Wisner (VA Pittsburgh Healthcare System, Pittsburgh, Pennsylvania; Department of Psychiatry, Western Psychiatric Institute and Clinic, University of Pittsburgh Medical Center, Pittsburgh, Pennsylvania; Division of Women's Neurology, Department of Neurology, UPMC Presbyterian/Magee Women's Hospital of UPMC, Pittsburgh, Pennsylvania; University of Pittsburgh Department of Obstetrics, Gynecology, and Reproductive Sciences United States of America)

Stress, cortisol and cell free DNA (CFD) and their relationship with pregnancy rates in women undergoing In-Vitro Fertilization (IVF)
Johanna Czamanski-Cohen, Orly Sarid, Julie Cwikel, Iris Har-Vardi (Ben Gurion University of the Negev, Israel; Soroka University Medical Center)

Neurotoxicologic effects of intense impulse noise on fetal brains: Experimental Study
Nazan Aydin, Mehmet Dumlu Aydin, Zekai Halici, Nesrin Gursan, Mevlut Albayrak, Bunyamin Borekci (Atatürk University, Turkey)

Neonatal hypoglycaemia associated with maternal olanzapine therapy during pregnancy: A case report
Melissa Rowe, Bharath Gowda, David Taylor, Simon Hannam, Louise Howard (Institute of Psychiatry, King's College London; King's College Hospital, United Kingdom)

Glucose metabolism and mothers with major depressive disorder, bipolar disorder and controls: Pregnancy outcomes.
Dorothy Sit, Katherine Wisner (University of Pittsburgh, School of Medicine, United States of America)

In utero exposure to lithium or politherapy and third trimester fetal biometry
Maria Luisa Imaz, Alexandre Gonzalez, Marta Garcia, Diego Hidalgo, Ester Roda, Sebastiana Socias, Anna Torres, Carla Hernandez, Alba Roca, Lluïsa Garcia-Esteve (Perinatal Psychiatry and Gender Research Program. Department of Psychiatry. Hospital Clinic. Barcelona. Spain; Department of Psychiatry. Hospital Clinic. Barcelona. Spain; Department of Psychiatry. Parc Sanitari Parc Taulí. Sabadell. Spain; Department of Psychiatry. Consorci Sanitari Terrassa. Spain; Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS). Hospital Clinic, Barcelona. Spain)

Exploring the impact of maternal stress exposure on fetal adrenal volumes
Deborah Kim (University of Pennsylvania, United States of America)

Longitudinal assessment of DNA methylation from birth to age 9
Edward D. Barker, Jonathan Mill (Department of Psychological Sciences, Birkbeck, University of London, United Kingdom; Institute of Psychiatry, King's College London, MRC Social, Genetic and Developmental Psychiatry Centre)
The role of oxytocin in the pathophysiology of postpartum depression
Crystal E. Schiller1, Karen M. Grewen1, Alison M. Stuebe1, Samantha Meltzer-Brody1, Michael W. O’Hara1, David R. Rubinow1
(‘University of North Carolina at Chapel Hill, United States of America; ‘University of Iowa, United States of America)

W5-workshop1: Time: Friday, 05/Oct/2012: 11:30am - 1:00pm  ·  Location: W
Decision making regarding medication and care in the perinatal period
Moderator: Roch Cantwell, NHS Greater Glasgow and Clyde, United Kingdom
Moderator: Ian Jones, Cardiff University, United Kingdom

Roch Cantwell1, Ian Jones1, Marie-Paule Austin1, Louise Howard1 (‘NHS Greater Glasgow and Clyde, United Kingdom; ‘Cardiff University, United Kingdom; ‘University of New South Wales, Australia; ‘Institute of Psychiatry, Kings College London)

Lunch time: Main Hall (basement) / Pause repas : dans le Hall (sous-sol)

A5-lunch session: Time: Friday, 05/Oct/2012: 1:45pm - 2:30pm  ·  Location: A
Contribution of nurse researchers in perinatal mental health
La contribution des chercheurs-infirmiers à la recherche en santé mentale périnatale
Moderator: Cynthia Logsdon, University of Louisville Hospital, United States of America

Disaster and diaspora: Mental health status of childbearing women living through disaster recovery
Catastrophe et diaspora : état de santé mentale des femmes enceintes qui se reconstruisent après une catastrophe
Gloria Giarratano (Louisiana State University Health Sciences Center), Emily Harville (Tulane University), Veronica Barcelonada-Mendoza (Tulane University), Jane Savage (Loyola University of the South), Robert Maupin (Louisiana State University Health Sciences Center)

Intervention to improve self efficacy in hospital based perinatal nurses related to teaching women about PPD
Intervention visant à améliorer l’efficacité des infirmier(e)s en service de périnatalité en matière d’information sur la dépression du post-partum, destinée aux femmes
Cynthia Logsdon (University of Louisville Hospital), Diane Eckert (University of Louisville Hospital), Roselyn Tomasulo (University of Louisville Hospital), John Myers (University of Louisville), Melissa Pinto (Case Western Reserve University)

Another scar to my soul: A mixed methods study of secondary traumatic stress in labor and delivery nurses
Une autre cicatrice de mon âme : une étude à méthodologie mixte du stress traumatisant secondaire chez les infirmier(e)s en obstétrique
Cheryl Beck (University of Connecticut), Robert Gable (Johnson & Wales University)

The relationship between postpartum depression, domestic violence, childhood violence, and substance abuse: Epidemiologic study of a large community sample
Rapport entre dépression post-partum, violence domestique, violence dans l’enfance et toxicomanie : étude épidémiologique d’un échantillon communautaire
Cindy Lee Dennis (University of Toronto), Simone Vigod (University of Toronto)

Care for infants and mothers with borderline personality or drug abuse
Moderator: Anne Eliza Sved Williams, Womens and Childrens Health Network, Australia
Moderator: Anne Buist, Australia, Australia

Journey of a Midwife: Caring for pregnant drug and or alcohol using women
Moira Marks (Queen Charlotte’s Hospital, and Chelsea Hospital”, Imperial College Healthcare NHS Trust London, United Kingdom)

Severe mental illness, borderline personality disorder (BPD) and infants
Anne Eliza Sved Williams, Chris Yelland, Teresa Girke, Charlotte Tottman, Sue Ellershaw (Womens and Childrens Health Network, Australia)

Borderline personality disorders and attachment disorders during the perinatal period
Sophie Denard, Anne Laure Sutter-Dallay, Elisabeth Glatigny-Dallay, Nathalie Loustau, Ingrid Lacaze, Céline Rimbaud, Hélène Verdoux (Pôle de psychiatrie adulte universitaire G05-G06 Centre hospitalier Charles Perrens, France)
Pregnancy and substance misuse: Monitoring outcomes  
Ruby Osorio, Caroline Frayne, Teresa Hale, Alison Beckles, Pauliina Pohjonen, Miriam Sohoraye, Chris Lofty (CNWL Mental Health Foundation Trust, Addictions Directorate, United Kingdom)

G5A-video:  
Time: Friday, 05/Oct/2012: 1:45pm - 2:30pm  ·  Location: Room RC (ground floor / rez-de-chaussée)

Parenting and disability with the RIFH association  
Moderator: Regina Ubanatu, RIFH Association, France  
Moderator: Bénédicte Coulm, INSERM U953, France

Regina Ubanatu¹, Ruth Bashall (RIFH Association, Courbevoie, France; 'Member of RIFH, United Kingdom)

G5B-poster lunch:  
Time: Friday, 05/Oct/2012: 1:45pm - 2:30pm  ·  Location: Room 213-214

Denial of pregnancy  
Moderator: Jens Wessel, Berlin, Germany

Case of a 24-year-old woman with pervasive denial of pregnancy  
Olivia Joly, Lucy Hutner, Caroline Segal, Mallika Lavakumar, Ayol Samuels, Margaret Spinelli (Columbia University, United States of America)

Pregnancy denials among teenagers: More teenagers or more deniers?  
Emmanuelle Godeau¹, Félix Navarro¹ (Rectorat de Toulouse, France; 'UMR Inserm U1027 - Université Paul Sabatier; 'AFRDG, Toulouse, France)

Denials and negations of pregnancy  
Sarah Seguin (Université Paris 5, France; 'Ecole de psychologues praticiens, France)

W5-poster lunch:  
Time: Friday, 05/Oct/2012: 1:45pm - 2:30pm  ·  Location: W

Mental health care and mother-infant interaction in mother-baby units  
Moderator: Susan Jennifer Pawlby, King's College London, Institute of Psychiatry, United Kingdom

An inpatient mother baby psychiatric unit in India: A three year experience  
Prabha Chandra, Geetha Desai, Harish Thippeswamy (National Institute of Mental Health and Neurosciences, India)

Mother-infant interaction in MBU patients: Before and after treatment.  
Maeve Ann Kenny, Carmine Pariente, Sue Conroy, Trudi Seneviratne, Susan Pawlby (Institute of Psychiatry, United Kingdom)

Infant daytime insomnia in a mother baby unit: A retrospective study  
Fleur Lazdunski, Anne Dumont, Yves Boudart, Marie Titeca (Centre Hospitalier Spécialisé Le Vinatier-Clinique Natecia, France)

A5-2:  
Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm  ·  Location: A

Taking action with users and support associations  
Agir avec les usagers et les associations d’aide

Moderator: Michel Dugnat, Assistance Publique-Hôpitaux de Marseille, France  
Moderator: Nadège Temple-Beauvois, Association Maman-Blues, France

Community HUGS intervention: A therapeutic playgroup for vulnerable women focused on their interaction with their babies  
Intervention du groupe « Community HUGS » : une thérapeutique pour les femmes vulnérables basée sur le jeux de rôle et centré sur l’interaction avec leurs bébés

Jennifer Erickson, Jeanette Milgrom², Charlene Schembr, Elizabeth Loughlin (Parent Infant Research Institute, Austin Health Australia; 'University of Melbourne Australia)

We should work with parents' associations to improve our response to their needs  
Travaillons avec les associations de parents pour améliorer nosréponses à leurs besoins

Anne Evrard (Association Bien Naitre/CIANE, France)
Grandparents: What if their children who suffer from a mental illness have children of their own?

An innovative screen-and-advice model for psychopathology and psychosocial problems in urban pregnant women: Psychometric properties and pregnancy outcomes

Impact of caring for bereaved parents and protective factors on maternity health professionals

Preconception counseling in women with mental illness - an approach to safer child birth

The survivor moms companion: Assessing the effect on posttraumatic stress during pregnancy

A randomized controlled trial of internet based cognitive behavioural therapy (CBT) versus treatment as usual for pregnant women with high levels of depression at Queen Charlotte's Hospital

Triple jeopardy: Homelessness, mental illness and motherhood

Temporal trends in general and age-specific fertility rates among women with schizophrenia (1996-2009): A population-based study in Ontario, Canada
Perspectives and outcomes of a collaborative care model for postpartum depression in an urban pediatric clinic

Linda Chaudron1, Margaret Kearney2, Nancy Talbot3, Elizabeth Anson4, Peter Szilagyi5 (‘University of Rochester School of Medicine and Dentistry, United States of America; ‘University of Rochester School of Nursing

C5A-2: Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm · Location: Room 217 A

Symposium of the Spanish Marcé group

Moderator: Ibone Olza-Fernandez, Hospital Puerta de Hierro Majadahonda, Spain
Moderator: Lluisa Garcia-Esteve, Hospital Clínic, and Institut de Investigacions Biomèdiques Augu, Spain

Cross-border reproductive care and psychological distress
Gracia Lasheras (Department of Psychiatry, Institut Universitari Dexeus, Barcelo), Elisabet Clua (Department of Obstetrics and Gynecology, Institut Universitari D), Nuria Mallorqui (Department of Psychiatry, Institut Universitari Dexeus, Barcelo, Spain)

The association of postpartum depression and perinatal tobacco use: A longitudinal study
Maria Luisa Imaz (Hospital Clinic, and Institut de Investigacions Biomèdiques Augu), Lluisa Garcia-Esteve (Hospital Clinic, and Institut de Investigacions Biomèdiques Augu), Estel Gelabert (Institut Municipal d'Investigacions Mèdiques (IMIM-Parc de Salut), Rocío Martín-Santos (Institut Municipal d'Investigacions Mèdiques (IMIM-Parc de Salut, Spain)

Selective serotonin reuptake inhibitors (SSRI) discontinuation during pregnancy: Risk or benefit?
Lluisa Garcia-Esteve (Hospital Clinic, and Institut de Investigacions Biomèdiques Augu), Maria Luisa Imaz (Hospital Clinic, and Institut de Investigacions Biomèdiques Augu), Alba Roca (Hospital Clinic, and Psychiatry Service. Consorci Sanitari Tarra), Anna Torres (Hospital Clinic, and Institut de Investigacions Biomèdiques Augu, Spain)

Neonatal attachment behaviour following brief maternal separation
Ibone Olza Fernández (Hospital Puerta de Hierro Majadahonda), Lourdes García Murrillo (Hospital Puerta de Hierro Majadahonda), Valeria Costarelli (Hospital Puerta de Hierro Majadahonda), Ana María Malalana Martinez (Hospital Puerta de Hierro Majadahonda), Miguel Angel Marin Gabriel (Hospital Puerta de Hierro Majadahonda), Modesto Duran Duque (Hospital Puerta de Hierro Majadahonda), Isabel Millan Santos (Hospital Puerta de Hierro Majadahonda), Begoña Martinez Rodriguez (Hospital Puerta de Hierro Majadahonda, Spain)

C5B-2: Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm · Location: Room 217 B

Comorbidity in women with perinatal mental disorders: Recent research and implications for clinical practice

Moderator: Louise Michele Howard, King's College London, United Kingdom
Moderator: Nadia Micali, University College London, United Kingdom
Moderator: Cindy-Lee Dennis, University of Toronto, Canada

Is there a relationship between postpartum depression and maternal obesity: A systematic review
Cindy-Lee Dennis, Alex Schwartz (University of Toronto, Canada)

Depression, obesity, and gestational weight gain during pregnancy
Emma Molyneaux (King's College London), Nadia Micali (University College London), Lucilla Poston (King's College Londo), Louise Michele Howard (King's College Londo)

Domestic violence and perinatal mental disorders
Sian Oram (King's College London), Kylee Trevillion (King's College London), Gene Feder (University of Bristol), Helen Galley (South London and Maudsley NHS Foundation Trust), Louise Michele Howard (King's College London)

Smoking cessation and mental health in pregnancy
Deborah Bekele (King's College London), Louise Howard (King's College London)

Psychiatric and physical co-morbidity in pregnancy: Implications for outcomes and quality of maternity care
Debra Bick (King's College London)

G5A-02: Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm · Location: Room H de Seilhac (1st floor / 1er étage)

Biology and impact on the child

Moderator: Vivette Glover, Imperial College London, United Kingdom
Antenatal depression and infant sleep 6 months postpartum, examining the moderating effects of the serotonin transporter polymorphism and temperament
Elena Netsi1, Susannah Murphy1, Katharina Wulff1, Paul Ramchandani1 (‘Department of Psychiatry, University of Oxford; ‘Nuffield Laboratory of Ophthalmology, University of Oxford; ‘Imperial College of London)

Antenatal depression and maternal and offspring hypothalamic-pituitary-adrenal (HPA) axis
Sarah A Osborne, Susan Conroy, Enrica Fantini, Carmine M Pariante, Susan J Pavlby, Patricia Zunszain (King’s college london, United Kingdom)

Cortisol patterns of depressed mothers and their infants are related to maternal-infant interactive behaviours
Nicole Lyn Letourneau1, Barry Watson1, Linda Duffett-Leger1, Kathleen Hegadoren1, Panagiota Tryphonopoulos1 (‘University of Calgary, Canada; ‘University of New Brunswick, Canada; ‘University of Alberta, Canada)

Associations between postpartum depression and circadian rhythms: Preliminary report
Katherine Sharkey, Aubree Hoepper, Emily Mepham, Teri Pearlstein (Brown University/Rhode Island Hospital, United States of America)

Does serotonin transporter gene polymorphism influence the maternal psychological reaction shortly after sonographic detection of fetal anomaly?
Anne Kaasen1, Anne Helbig1, Arvid Heiberg1, Kristin Eiklid1, Tormod Naes1, Ulrik Fredrik Malt1, Guttorp Haugen1 (‘Oslo University Hospital, Oslo, Norway; ‘Nofima, As, Norway)

Paternal psychological response shortly after ultrasonographic detection of structural fetal anomaly
Anne Kaasen1, Anne Helbig1, Hans Skarl1, Arvid Heiberg1, Tormod Naes1, Ulrik Fredrik Malt1, Guttorp Haugen1 (‘Oslo University Hospital, Oslo, Norway; ‘Nofima, As, Norway)

G5B-02: Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm · Location: Room 213-214

Predictors and moderators of mood disorder
Moderator: Natalie Rasgon, Stanford University School of Medicine, United States of America
Moderator: Katherine Wisner, University of Pittsburgh, United States of America

Women at risk for perinatal mood disorders: Are we identifying the right ‘at risk’ patients?
Katherine Williams (Stanford University School of Medicine)

Circadian neuroendocrine rhythms in pregnancy and postpartum depression
Barbara Parry (University of California, San Diego)

Bipolar disorder during childbearing: Are we asking the right questions?
Wisner Katherine (University of Pittsburgh Medical Center)

Tying it all together: Creating an optimal management paradigm for women with mood disorders during perinatal period
Natalie Rasgon (Stanford University School of Medicine)

R5-poster session 2: Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm · Location: R

Parent-child interaction and mother-baby unit care
Moderator: Anne-Laure Sutter, CH Charles Perrens, INSERM U657, Univ Bordeaux, France
Moderator: Margaret Mary Howard, Women & Infants Hospital/Brown University, United States of America

The Women & Infants Hospital/Brown University Mother-Baby Unit in Providence (RI, USA)
Margaret Mary Howard, Marie Aimee Grause, Catherine Ruth Friedman (Women & Infants Hospital/Brown University, United States of America)

Evaluation of the mother-baby relationship through interactive play. Using a scale in a Parent-Child Unit.
Fabienne Chauvin1, Joëlle Rochette-Guglielmi1, Géraldine Leroy-Dudal1, Michel Dugnat1, François Poinso1 (‘CHS Valvert, France; ‘Institut de Psychologie Lyon 2, France; ‘CHU Ste Marguerite, Marseille, France; ‘CHU Ste Marguerite, Marseille, France; ‘CHU Ste Marguerite, Marseille, France)

A mother-baby unit in an adult psychiatric unit: Particularities and distinctiveness
Marie-Agathe Zimmermann1, Anne Danion-Grilliat1, Valérie Vecchionacci1 (‘Pôle Psychiatrie et Santé Mentale, Unité Mére-Nourrisson, Hôpitaux Universitaires de Strasbourg, France; ‘EA 3424, Université de Strasbourg, France)
Mother-baby attachment and perinatal depression
Susanna Banti, Chiara Borri, Daniele Ramacciotti, Valeria Camilleri, Maria Sole Montagnani, Claudio Cargioli, Annalisa Oppo, Caterina Cirri, Rita Mistretta, Elena Nencioni, Sara Faraoni, Giulia Mauri, Eleonora Petri, Alice Trabucco, Biagio Cotugno, Olivia Bacci, Mauro Mauri (University of Pisa, Italy)

The new UNC perinatal psychiatry inpatient unit (USA): Report on the first year
Samantha Meltzer-Brody, Anna Brandon, Elizabeth Bullard, Christena Raines, Lynn Burns, David Rubinow (University of North Carolina at Chapel Hill, United States of America)

Treating the network in order to better take care of patients in a perinatal environment: Example of the partnership between “mother infant psychiatry service and the mother and baby home”
Nicole Steinberg, Liliana Monheit, Amandine Heisser (Centre Hospitalier Erstein, France)

W5-workshop2: Time: Friday, 05/Oct/2012: 2:30pm - 4:00pm · Location: W
Maternal mental health in low income countries
Moderator: Karen Jones O'Donnell, Duke University, United States of America
Moderator: Jane Honikman, Postpartum Support International, United States of America
Moderator: John Cox, University of Gloucestershire, United Kingdom

Karen Jones O'Donnell, Jane Honikman, John Cox, Shashed Rahman. (Duke University, United States of America; Post-Partum Support International, United States of America; University of Gloucestershire, UK; Republic of Bangladesh)

Coffee Break: Main Hall (basement) / Pause café: Hall principal (sous-sol)

A5-3: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: A
Research on suicide, impact of trauma, violence toward mother and child
Recherche sur le suicide, l'impact des traumatismes et des violences faites aux mères et à leurs enfants
Moderator: Louise Michele Howard, King's College London, United Kingdom

Child mental health problems at three and five years: Impact of maternal personality disorder and perinatal depression
Problèmes de santé mentale de l'enfant à trois et cinq ans : impact des troubles de la personnalité maternelle et de la dépression périnatale
Susan Conroy, Carmine Pariante, Simone Farrelly, Andrea Heverin, Paul Moran (King's College London, United Kingdom)

Biobehavioral regulation in response to stress among infants of mothers with childhood abuse, PTSD and depression
Régulation bio-comportementale en réponse au stress parmi les enfants dont les mères ont été victimes de maltraitance pendant l'enfance, TSPT et dépression
Cecilia Martinez-Torteya, Marjorie Beeghly, Amanda Broderick, Ellen Waxler, Carolyn Dayton, Kate Rosenblum, Maria Muzik (University of Michigan, United States of America; Wayne State University)

A qualitative study of the response of services to domestic violence reported by parents with severe mental illness
Une étude qualitative de la réponse des services sociaux à la violence domestique rapportée par des parents atteints de maladie mentale sévère
Kylee Hutton Trevillion, Craig Morgan, Diana Rose, Louise Michele Howard (Institute of Psychiatry, United Kingdom)

Attentional processing of infant emotion during pregnancy and how it is related to depressive symptoms and mother-infant relationships after birth
Processus attentionnels des émotions de l'enfant pendant la grossesse, relation avec les symptômes dépressifs et le rapport mère-enfant après la naissance
Rebecca Pearson, Stafford Lightman, Jonathan Evans (University of Bristol, United Kingdom)

Suicidal ideation on the Edinburgh Depression Scale: What does question 10 really mean?
Idéation suicidaire sur l'échelle de dépression postnatale d'Edinbourg : que signifie vraiment la question n° 10 ?
Louise Michele Howard, Claire Flach, Andre Tylee, Debbie Sharp. (King's College London, Institute of Psychiatry, United Kingdom; University of Bristol, United Kingdom)
The Impact of subjective birth experiences on posttraumatic stress symptoms: A longitudinal study

Impact des expériences subjectives de l'accouchement sur les symptômes de stress post-traumatique : une étude longitudinale

Susan Garthus-Niegel, Tilmann von Soest, Margarete E. Vollrath, Malin Eberhard-Gran (Akershus University Hospital, Norway; Norwegian Institute of Public Health; Institute of Psychology, University of Oslo, Norway)

B5-3: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: B

Louis-Victor Marcé: His life and work in context
Louis-Victor Marcé : sa vie et son œuvre en perspective

Moderator: Oguz Omay, La Teppe Medical Center, France

The demographical, social, economical and medical context of Marcé's Treatise on insanity in pregnant, postpartum and lactating women (1858)
Perspective démographique, sociale, économique et médicale du Traité de la Folie des femmes enceintes, des nouvelles accouchées et des nourrices de Louis Macé (1858)

Marie-France Morel (Société d'Histoire de la Naissance, France)

The last year of Louis-Victor Marcé's life
La dernière année de Louis-Victor Marcé

Jean-Pierre Luauté, Thérèse Lempérière (Paris, France)

Gender history of perinatal mental health
Historique sur le genre et la santé mentale périnatale

Francesca Arena (TELEMME, Université de Provence, France)

C5A-3: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: Room 217 A

Perinatal anxiety

Moderator: Maria Muzik, University of Michigan, United States of America
Moderator: Vesna Pirec, University of Illinois at Chicago, United States of America

Peripartum anxiety: Are we missing it?
Vesna Pirec (University of Illinois at Chicago, USA)

The development of a screening scale for perinatal anxiety disorders
Susanne Yvonne Somerville (Department of Psychological Medicine King Edward Memorial Hospit), Rosemary Hagan (Department of Psychological Medicine King Edward Memorial Hospital), Elizabeth Oxnam (Department of Psychological Medicine King Edward Memorial Hospit), Kellie Dedman (Department of Psychological Medicine King Edward Memorial Hospit), Michelle Wettinger (Department of Psychological Medicine King Edward Memorial Hospit), Dorota Doherty (Women and Infants Research Foundation, University of Western Aus)

Perinatal anxiety: Predictor for worse illness trajectory?
Maria Muzik (University of Michigan, Department of Psychiatry, USA), Katherine L. Rosenblum (University of Michigan), Zhuo Zhao (University of Michigan), Stephanie Thompson (University of Michigan), Leslie Swanson (University of Michigan), Heather Flynn (Department of Medical Humanities and Social Sciences, College of), Women's Mental Health and Infants Program WMHIP (University of Michigan)

Postpartum blues: A risk factor for depression and anxiety?
Carol Henshaw (Liverpool Women's Hospital & Staffordshire University, UK)

C5B-3: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: Room 217 B

Symposium of the German speaking Marcé Society group

Moderator: Patricia Trautmann-Villaiba, Institut für peripartale Interventionen, Germany
Moderator: Christiane Hornstein, Psychiatrisches Zentrum Nordbaden, Wiesloch, Germany

Session in French with English translation
Session en français avec traduction en anglais
Does anonymous delivery prevent neonaticide? A new approach for an old problem
Claudia Klier (Medical University of Vienna, Child and Adolescent Medicine), Grylli Chryssa (Medical University of Vienna, Child and Adolescent Psychiatry), Sabine Amon (University of Vienna, Faculty of Psychology), Christian Fiala (GynMed, Clinic, Vienna), Ghitta Weizmann (Vanha Vaasa hospital, Finland), Pruitt Sandi (University of Texas, Health Science Center’s School of Public Hea), Hanna Putkonen (Kellokoski Hospital, Tuusula, Finland)

Disturbances in partners of women suffering from severe postpartum psychiatric disorders
Patricia Trautmann-Villalba (Institut für peripartale Interventionen), Elke Wild (Psychiatrisches Zentrum Nordbaden, Wiesloch)

Mother-child relationship quality improvement as effect of an interaction-focussed psychotherapy program for mothers with postpartum disorders
Christiane Hornstein (Psychiatrisches Zentrum Nordbaden, Wiesloch)

Therapeutic drug monitoring of psychotropic drugs during pregnancy
Niels Bergemann (Schön Klinik Bad Arolsen)

G5A-03: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: Room H de Seilhac (1st floor / 1er étage)

Perinatal and infant mental health
Moderator: Bryanne Barnett, St John of God Health Care, Australia
Moderator: Maya Elisabeth Drum, St John of God, Australia

Enhancing perinatal care: Development of suitable models
Michelle Ellen Haling (St John of God Health Care, NSW, Australia)

From the model to an established service: Achievements and challenges
Maya Elisabeth Drum (St John of God Health Care, NSW, Australia)

Illustrative case studies
Julie Margaret Ferguson (St John of God Health Care, NSW, Australia)

G5B-03: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: Room 213-214

Interventions for mothers and fathers in Norway
Moderator: Kari Slinning, National Network for Infant Mental Health, Centre for Child and Adolescent, Norway
Moderator: Gro Vatne Brean, R-BUP øst og sør, Norway
Moderator: John Cox, University of Gloucestershire, United Kingdom

The implementation process related to the training of health visitors in well-baby clinics in Norway.
Kari Slinning (National Network for Infant Mental Health, Centre for Child and), Astri Lindberg (National Network for Infant Mental Health, Centre for Child and)

Psychotherapy in the perinatal period.
Gro Vatne Brean (National Network for Infant Mental Health, Centre for Child and), Astri Lindberg (National Network for Infant Mental Health, Centre for Child and)

Mamma Mia; A web-based preventive program for expecting mothers and fathers
S.K Braarud (National Network for Infant Mental Health, Centre for Child and), E Olsen (National Network for Infant Mental Health, Centre for Child and), Kari Slinning (National Network for Infant Mental Health, Centre for Child and), Astri Lindberg (National Network for Infant Mental Health, Centre for Child and), A Drozd (National Network for Infant Mental Health, Centre for Child and), S Haga (National Network for Infant Mental Health, Centre for Child and)

Risk factors for future relationship dissolution: A population-based study of 18,523 couples
Gunn Mette. B Redsand (Norwegian Institute of Public Health, Division of Mental Health), Kari Slinning (National Network for Infant Mental Health, Centre for Child and), Espen Røysamb (Norwegian Institute of Public Health, Division of Mental Health), Kristian Tambs (University of Oslo, Department of Psychology, Norway)

R5-poster session 3: Time: Friday, 05/Oct/2012: 4:30pm - 6:00pm · Location: R

Websites and new technology for prevention, support and care
Moderator: Margaret Smith Chisolm, Johns Hopkins University, United States of America

Internet forum discussion for mothers (maman-blues association)
Carolyne Bernard-Chateilain, Nadège Beauvois, Stéphanie Lemarchand, Elise Marcende, Christine Moulin (Association Maman Blues, France)
The use of twitter® to advance perinatal mental health/addiction care and research
Margaret Smith Chisolm1, Catherine Friedman2, Mishka Terplan3 (Johns Hopkins University, United States of America; “Brown University, United States of America; University of Maryland, United States of America)

Mother matters: An online intervention for postpartum women
Maura O’Keefe, Greer Slyfield Cook, Wendy Carter (Reproductive Life Stages Program, Women’s College Hospital, Canada)

Mental health literacy in pregnancy and the postpartum
Melissa Rowe, Louise Howard (Institute of Psychiatry, King’s College London, United Kingdom)

Internet-based stress management for anxious women with preterm labor – a promising approach? First results of a randomized controlled intervention study
Sandra Scherer1, Corinne Urech1, Irene Hösli1, Sibila Tschudin1, Dorothy Huang1, Thomas Berger1, Judith Alder1 (University Hospital Basel, University of Basel, Switzerland; University of Bern, Switzerland)

Unexpected outcomes of pregnancy: Impact on parental development
Moderator: Sophie Mero, Hôpital intercommunal de Créteil, France
Moderator: Eléonore Elias, Maternité Régionale Nancy, France
Joann Margaret O’Leary1, Sophie Mero1, Martine Schlenker1, Eléonore Elias2, Isabelle Bulle2 (University of Minnesota, US.; Hôpital Intercommunal De Creteil, 94 Creteil, France; Pedopsychiatrie des Hauts De Seine, CH Théophile Roussel, France; Maternité Régionale Nancy, France)

Poster exhibition
List of posters by name or numbers of posters exhibition will be posted at the entrance of Room Paul Guyot (ground floor) were poster exhibition will be.
La liste des posters par nom ou par numéro d’exposition seront exposés Salle Paul Guyot (rez-de-chaussée) où les posters seront exposés.

Attention performance in pregnancy and its relationship with depression
Ali Gokhan Daloglu1, Nazan Aydin1, Puren Akcali1, Meltem Oral1, Erdem Deveci2 (Ataturk University Faculty of Medicine, Department of Psychiatry, Turkey; Erzurum Regional Training and Research Hospital, Department of Psychiatry, Turkey)

Community psychiatric service users’ experiences of discrimination in relation to parenthood: A framework analysis
Sarah Clement, Debra Jeffery, Elizabeth Corker, Louise M. Howard, Joanna Murray, Graham Thornicroft (Institute of Psychiatry, King’s College London, United Kingdom)

DEDEENDERA - An Illness-cure journey for the female reproductive system and the voice through an artistic work
Fabiola Augusta Durães Fernandes (Department of Sculpture, Faculty of Fine Arts, University of Porto, Portugal)

Defining psychiatric issues in a population of obstetric inpatients
Lucy Hutner, Alexandra Sacks, Caroline Segal, Elizabeth Fitelson, Catherine Monk (New York-Presbyterian/Columbia University Medical Center, United States of America)
Depressive disorders, related factors and impact on functionality in reproductive age women in Erzurum (Eastern Turkey)
Neriman Aras, Elif Oral, Nazan Aydin, Ismet Kirpina (‘Kanuni Training and Research Hospital, Department of Psychiatry, Trabzon, Turkey; ‘Ataturk University, Faculty of Medicine, Department of Psychiatry, Erzurum, Turkey; ‘Bezmialem Vakif University, Department of Psychiatry, Istanbul, Turkey)

Does perinatal mood disorder have a seasonal affective component?
Kinza N Tareen, Remitha M Charoth, Ruqiya Shama Tareen, Michael R Liepman, Robert M Flikkema (‘Kalamazoo College, Kalamazoo, Michigan, United States of America; ‘Michigan State University Kalamazoo Center for Medical Studies, United States of America; ‘Western Michigan University, Department of Statistics, Kalamazoo, Michigan, United States of America)

Escitalopram in pregnancy and postpartum: maternal efficacy and neonatal outcomes
Ester di Giacomo, Roberta Anniverno, Monica Bonfiglio, Veronica Maria Stella Ferrari, Eleonora Gimosti, Valentino Ferro, Claudio Mencacci (‘Department of Neuroscience and Biomedical Technologies;University of Milano-Bicocca, Italy; ‘Maternal-Child Unit- Macedonio Melloni FBF Health Care Trust- Milan, Italy; ‘Psychiatric Department- S.Gerardo Health Care Trust- Monza, Italy)

Investigating the impact of obesity on pregnancy on child mental health and BMI
Lindsay Banham, Louise Howard, Lucilla Poston, Nadia Micali (‘King’s College London, United Kingdom; ‘University College London, United Kingdom)

Obsessive symptoms at childbirth
Ester di Giacomo, Fabrizia Colmegna, Patrizia Vergani, Barbara Pucci, Tommaso Tabacchi, Massimo Clerici (‘University of Milano-Bicocca, Department of Neuroscience and Biomedical technologies;Italy; ‘Department of Psychiatry- S.Gerardo Health Care Trust- Monza-Italy; ‘Department of Obstetrician and Gynecology- S.Gerardo Health Care Trust- Monza, Italy)

Outcome of perinatal mood disorders with brief psychopharmacological intervention
Ruqiya Shama Tareen, Michael R Liepman, Remitha M Charoth, Catherine Kothari, Suzanne Suchyta Haas, Robert M Flikkema, Joseph W McKean (‘Michigan State University Kalamazoo Center for Medical Studies, Kalamazoo, Michigan, United States of America; ‘Western Michigan University, Department of Statistics, Kalamazoo, Michigan, United States of America)

Perinatal mood disorders and postpartum eating, weight and shape dissatisfaction
Stephanie Zerwas, Samantha Meltzer-Brody, Alison Stuebe, Karen Grewen, Cynthia Bulik (UNC Chapel Hill, United States of America)

Post-partum bipolarity: missed and dismissed
Beverley Joan Turner (GSCR, Australia)

Predicting post-natal depression in mothers who deliver very preterm
Rosemary Anne Hagan, Noel Peter French, Ronald Hagan (‘King Edward Memorial Hospital, Australia; ‘Centre for Neonatal Research and Education, School of Women’s and Infant’s Health, UWA, Australia)

Prevalence of anxiety in high-risk pregnancies
Pavaani Thigayasun, Gita Krishnasawamy, May Li Lim, Charlotte Haley, Sung Sharon Cohan, Daniel Fung, John Carson Allen, Helen Chen (‘Duke-NUS Graduate Medical School, Singapore; ‘Institute of Mental Health, Singapore; ‘KK Women’s and Children’s Hospital, Singapore)

Prevalence of depressive disorders in the first trimester of pregnancy in eastern Anatolia (Turkey)
Puren Akcali, Nazan Aydin, Tulay Satı, Meltem Oral, Ali Gokhan Daloglu (Ataturk University Faculty of Medicine, Department of Psychiatry, Turkey)

Prevalence of premenstrual syndrome in 15-49 age women in Erzurum Province (Turkey)
Neriman Aras, Elif Oral, Nazan Aydin, Hacer Akgul Ceyhun (‘Kanuni Training and Research Hospital, Department of Psychiatry, Trabzon, Turkey; ‘Ataturk University, Faculty of Medicine, Department of Psychiatry, Erzurum, Turkey; ‘Erzurum Research and Training Hospital, Department of Psychiatry, Erzurum, Turkey)

Review of the correlation between sexuality, depression and fear of giving birth during pregnancy
Melike Nebioglu, Hacer Yalnz, Mükerrrem Güven, Birsen Gökçe, Ömer Geçici (Haydarpasa Numune Hospital, Turkey)

Student midwives’ awareness of perinatal mental illness in East London
Patricia Jarrett, Louise Phillips (City University London, United Kingdom)
The investigating risk factors for postpartum depression in seasonal farm worker women in Sanlıurfa (Turkey)
Melike Nebioglu, Feray Kabalcioglu, Yuksel Eroglu, Hacer Yalniz (Haydarpasa Numune Hospital, Turkey; Harran University School of Health; Uludag University Educational Psychology; Akdeniz University, School of Nurses, Turkey)

The relationship between past history of premenstrual syndrome and depression in the first trimester of pregnancy
Puren Akcali, Nazan Aydin, Meltem Oral, Tulay Satli, Ali Gokhan Daloglu (Ataturk University Faculty of Medicine, Department of Psychiatry, Turkey)

Transition to adoptive parenthood: maternal depression in foster mothers
Anne-Katerine Hemery, Jaqueline Wendland (University Paris Descartes, France; Unité Petite Enfance et Parentalité Vivaldi, Hôpital Pitié Salpêtrière, Paris, France)

Two cases of unusual presentation and course of postpartum psychosis
Nirmaljit Kaur Dhami (El Camino Hospital, United States of America)

Type of delivery, PTSD symptoms and maternal mood 3 months after birth: A prospective study
Ibone Olza Fernandez, Valeria Costarelli, Francisco Lopez Sanchez, Miguel Angel Marin Gabriel, Carmen Gonzalez Armengod, Aurora Fernandez-Cañadas Morillo, Pilar Perez Riveiro, Lourdes Garcia Murillo (Hospital Puerta de Hierro Majadahonda, Spain)

Verbal memory in postpartum psychosis
Astrid M Pauls, Katie M Hazelgrove, Mitul A Mehta, Susan Pawby, Simone Ciufolini, Carmine M Pariante, Kevin Morgan, Paola Dazzan (Department of Psychosis Studies, Institute of Psychiatry, United Kingdom; Department of Neuroimaging, Institute of Psychiatry, United Kingdom; Department of Psychological Medicine, Institute of Psychiatry, United Kingdom; Department of Psychology, University of Westminster, United Kingdom)

Women’s work status, sleep habits and mood during pregnancy: Preliminary results
Emily R Mepham, Aubree L Hoepper, Teri Pearlstein, Katherine M Sharkey (Alpert medical school of Brown University, United States of America)

Influence of prenatal hospitalization on parental stressful experience in the case of a premature birth.
Mathilde Morisod Harari, Ayala Borghini, Patrick Hofhfeld, Margarita Forcada Guex, Carole Muller Nix (Service Universitaire de Psychiatrie de l’Enfant et de l’Adolescent (SUPEA), Département de Psychiatrie, Centre Hospitalier Universitaire Vaudois (CHUV), Lausanne, Suisse.; Département de Gynécologie Obstétrique et Génétique médicale, Centre Hospitalier Universitaire Vaudois (CHUV), Lausanne, Suisse.; Service de Néonatologie, Département Médico-Chirurgical de Pédiatrie (DMCP), Centre Hospitalier Universitaire Vaudois (CHUV), Lausanne, Suisse)

Maternal depression during pregnancy: about distress and coping in a 290 Belgian and French sample.
Justine Gauque, Lisa De Noose, Stephan Hendrick (UMons, Service de psychologie clinique de l’enfant et de l’adolescent, Belgium, Service de Psychologie Clinique de l’Enfant et de l’Adolescent; UMONS, Service de psychologie clinique systémique et psychodynamique, Belgium)

High impact low stigma - a story of perinatal/infant mental health and primary care partnership
Glenda Pedwell, Birkin Rosalie, Gauzone Karen (Alfred Health, Australia)

Breast-feeding following emergency peripartum hysterectomy
Lourdes Garcia-Murillo, Valeria Costarelli, Elena Serrano, Ibone Olza (Hospital Puerta de Hierro, Majadahonda, Spain; Universidad Autonoma de Madrid, Spain)

Screening for posttraumatic symptoms in an Australian perinatal mental health consultation service
Cathy P Ringland, Rebecca E Reay, Jeffery C Cubis (Perinatal Mental Health Consultation Service Canberra Australia; Academic Unit of Psychological & Addiction Medicine, ANU Medical School Canberra Australia)

A pedometer-based walking intervention for antenatal depression
Cynthia L. Battle, Ana Abrantes, Casey Schofield, Susanna Magee, Morganne Kraines (Brown Medical School, United States of America; Butler Hospital; Memorial Hospital of Rhode, Island)

Maternal brain during childbirth: A proposed neurobiological model and possible psychopathological consequences of its disruption.
Ibone Olza Fernandez, Miguel Angel Marin Gabriel (Hospital Puerta de Hierro Majadahonda, Spain)

Smoking and mental illness in pregnancy
Melissa Rowe, Deborah Bekele, Louise Howard (Institute of Psychiatry, King’s College London, United Kingdom)
Integrating PMD Education into all aspects of the childbearing experience-1US hospital example
Birdie Gunyon Meyer (Indiana University Health, United States of America)

Why don't mothers go for help? Barriers to treatment for postnatally depressed mothers
Rebecca E Reay, Stephen Matthey, David A Ellwood (‘Academic Unit of Psychological & Addiction Medicine, ANU Medical School, Canberra Australia; ’South Western Sydney Local Health District, University of New South Wales; ’ANU Medical School, Canberra Australia)

Walking together
Marijo Taboada, Cécile Peltier (Réseau DAPSA, France)

The pregnancy and alcohol cessation toolkit (PACT): An educational resource.
Mark Huthwaite, Helen Moriarty, Christine Rogan, Rachel Tester, Laura Keane (‘University of Otago, New Zealand; ‘Alcohol Healthwatch, New Zealand; ’Capital and Coast District Health Board, Wellington, New Zealand)

Substance use during pregnancy and associated factors
Rocio Martin-Santos, Maria Luisa Imaz, Estel Gelabert, Luisa Garcia-Esteve, Ricard Navinés, Marta Torrens, Julio Sanjuan (’Institute of Clinical Neuroscience, Hospital Clinic, IDIBAPS, CIBERSAM, Barcelona, Spain; ’Institute of Clinical Neuroscience, Perinatal Unit, Hospital Clinic, Barcelona, Spain; ’IMIM-Hospital del Mar and Autonomous University of Barcelona, Barcelona, Spain; ’Department of Psychiatry, Hospital Clinic, CIBERSAM, Valencia, Spain)

Psychological risk factors of postpartum depression among high-risk pregnancy women.
Karolina Kossakowska (University of Lodz, Poland)

Preventing Fetal Alcohol Syndrome: improving screening of maternal alcohol consumption
Justine Gaugue, Isabelle Varescon, Jaqueline Wendland (’UMons, Belgium, Service de Psychologie Clinique de l’Enfant et de l’Adolescent; ’Université Paris Descartes, Sorbonne Paris Cité, France)

Perinatal networking for prevention and care for high risk pregnancies
Florence Montagnon-Le -Ninivin, Véronique Gravier (Hôpital général de Meaux, France)

How women become mothers after receiving an oocyte donation?
Marion Canneaux, Bérengère Beaquier-Maccotta, Jean-Philippe Wolf, Bernard Golse (’Laboratoire de psychologie clinique et de psychopathologie (EA 4056),Université Paris Descartes, France; ’Service de pédopsychiatrie de l’hôpital Necker-Enfants malades, Paris; ’Service d’Histologie Embryologie Biologie de la Reproduction-CECOS de l’hôpital Cochin, Paris, France)

Depressive symptoms and insomnia in 3rd trimester of pregnancy - a population based study.
Signe K. Derheim, Bjørn Bjorvatn, Malin Eberhard-Gran (’MoodNet, Stavanger University Hospital, Norway; ’Norwegian Competence Center for Sleep Disorders, Haukeland University Hospital, Norway; ’Dept of Public Health and Primary Health Care, University of Bergen, Norway; ’Health Services Research Centre, Akershus University Hospital, Norway; ’Division of Mental Health, Norwegian Institute of Public Health, Norway)

Depression and anxiety in women during pregnancy and neonatal outcome
Gladys Ibánez, Marie-Josèphe Saurel-Cubizolles (’Inserm U953, Unité de Recherches Epidémiologiques en Santé Périnatale et Santé des Femmes, Paris; ’Université Pierre et Marie Curie, Paris, France)

Comparison of the EPDS-3 with the EPDS-10 for postpartum depression screening
Aisosiyoa A Simmons, Michael R Liepman, Catherine L Kothari, Ruqiya Shama Tareen, Remitha M Charoth, Robert M Flikkema, Joseph W McKean (’Michigan State University Kalamazoo Center for Medical Studies, Kalamazoo, Michigan, United States of America; ’Western Michigan University, Department of Statistics, Kalamazoo, Michigan, United States of America)

Child development in children of mothers with eating disorders
Emma Taborelli, Abigail Easter, Amanda Bye, Freya Corfield, Janet Treasure, Nadia Micali (’Institute of Child Health at UCL, Behavioural and Brain Sciences Unit, London; ’Institute of Psychiatry at King’s College London, Eating Disorder Unit, London)

Age, assisted conception, antenatal mental health, childbirth and breastfeeding: Evidence from the Parental Age and Transition to Parenthood Australia (PATPA) study
Jane Fisher, Karen Wynter, Karin Hammarberg, Frances Gibson, Jacky Boivin, Cathy McMahon (’Monash University, Australia; ’Macquarie University, Australia; ’Cardiff University, United Kindom)
